

CLUB CHAMPIONSHIP 2008/2009

Hi Bella member

With the new Club Championship season already under way, we thought best to update you with the details! The Championships are there for EVERYONE to take part in. So make it your challenge to complete the criteria, you will be motivated to get out there and race, and see how you progress from last year!

How does it work?

There are 23 championship races each for men and women, spread throughout the year, starting with the Brampton to Carlisle 10 Miler in November 08 and finishing with the Great Scottish Run 10K/HM in September 09. Points are awarded for each race you complete, based on your official finish time and recognized scoring tables. The faster you run the more points you earn.

Each race is classified as Short, Medium or Long. To fulfil the Championship qualifying criteria, you must complete at least 8 races in total...comprising 2 short, 2 long and 2 medium PLUS any other 2 from the list. At least one of the long races MUST be a half marathon. This might mean that you have to run a new distance or stretch yourself to complete the criteria – why not use the Championship as an incentive to achieve a new goal this year? Please submit your race times on the message board following each Championship race. The points total from your 8 qualifying best-scoring (fastest) race times will be ranked against your club-mates, with updates as the year progresses.

Awards

EVERYONE who completes the Championship criteria will be awarded a special Club Championship memento! Prizes will be awarded to the overall Club Champions i.e. the highest scoring male and female from either senior or vet category (35+ for women and 40+ for men as of 1st January 2009). The winner of each category takes home the annual Club trophy. The first 3 senior men and women overall PLUS the first male and female vets in each age category will win prizes as shown below.
